

Where and how do I begin to thank you for FIXING ME AGAIN!!!!!!!!!!!!!!!!!!!!!!!!!!!! Not only have you fixed me...YOU got me to BREATHE again!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! You will never ever know how much my entire family appreciates you!!!! I wish I knew your boss and the owner of Pivot...I would tell him/ her everything...I want everyone to know what you have done for me.....and what you can do for a bunch of other Covid-19 patients...Ugh...even typing the word "CoVid" gives me anxiety...but, YOU have helped me soooo much get through that nightmare!"

"How in the world can we tell EVERY doctor out there that Mona Saeed can help people breathe again? I want to tell everyone how you have helped me sooo much. Mona, because of YOU.....the 12 razorblades and the broken glass is all gone from my right lung.....and I can breathe again....and breathe deeply without having to hold onto the door frame to catch my breath. The chest pain I had from that awful COVID-19 was beyond terrible...and you and your brilliant ways found a way to get rid of it.....you are incredible and so smart with every one of my aches and pains.
